The Woolmer

The Woolmer is our number one requested Homestead design and also the biggest IBN design. There is not much that the Woolmer doesn't have due to its monstrous size, it even features a bar.

Block sizes are estimates only and based on standard Developer setback and Rescode setback of 4 - 5m front only and 3m rear setback. Plans, facades and specifications vary depending on zone and region. All designs are priced to the traditional facade associated with the range, all other facades are considered upgrades and will incur charges unless otherwise specified.
